An in depth study of the four classical dimensions of existential and spiritual suffering: Meaning, Forgiveness, Relatedness and Hope.

Learn from the world's great healing traditions from many cultural perspectives with a special emphasis on native and Hispanic traditions.

Reflect on the correlation between the traditional stages of human development and the stages of faith development, especially as they impact end-of-life care and bereavement.

Examine the prevalent issues of spiritual and religious abuse as they relate to psycho-spiritual suffering,
