Visits also include the artisan communities of Santa Fe and Old Town Albuquerque. Included fees for National Park tours, Native Cultural Guides and a New Mexican-style Fiesta Experience!

Based on Double Occupancy

Single rooms available

at most sites for additional cost

### A REMARKABLE LOCATION

The incomparable natural beauty of the Desert SouthWest is complemented by a rich cultural tapestry of the old American West blended with the living Native and Hispanic cultures. Truly this part of North America is where the old and new worlds meet. Our tour will offer ample time to learn, savor and explore the cultural richness and natural beauty of **NEW MEXICO: the land of enchantment**, the sacred Navajo Mesa Lands of **ARIZONA** and the incomparable majesty of the southern Rocky Mountains of **COLORADO**. Just being in this unique corner of the world teaches us something we have all but forgotten—**how to simply be**. Sampling **nueva cocina mexicana, world music and native arts** will also be an essential part of the experience together with opportunities for exploring the dramatic natural landscapes of America's most unique national-cultural parks.

### ACCOMMODATIONS & WORLD CLASS SITES

In addition to three nights in **Old Town Albuquerque** our tour will enjoy world class accommodations at **La Fonda Resort Santa Fe**, the oldest continuous hotel in North America which offers **five-star accommodations** and amenities. We will also enjoy extraordinary accommodations at the only lodge *within* Colorado's **Mesa Verde National Park** with breathtaking views from each room of the world's largest ancient cliff dwellings. Finally, we will spend three days exploring the **Monument Valley National-Tribal Park** region on the Arizona-Utah border. Staying at the historic **Goulding's Lodge** is a walk back in time as many of the most famous Western movies were filmed in the exact location where you will eat, sleep and explore with Monument Valley canyons in your backyard. Our tour includes rarely visited **Chaco Canyon World Heritage Site, Acoma Sky City & Taos Pueblos**, oldest continuously inhabited communities in North America.

### A UNIQUE PILGRIMAGE EXPERIENCE

**Richard Groves** will facilitate daily historical walks and inspiring, authentic cultural celebrations related to the many sacred sites and diverse heritage of the SouthWest. At the healing pilgrimage site of **Chimayó** you will encounter the unique **mestizaje** or blending of ancient **Native Pueblo Culture** with the heritage of **16<sup>th</sup> century Spanish Christianity and Sephardic Jews**.
