Our pilgrimage will focus on spectacular Northern Wales and the mystical Hebrides of Western Scotland. Savor spacious time to explore and relax near 1500-year-old Celtic sites surrounded by stunning landscapes of mountains and sea. Pilgrimage highlights five days on the Isle of Iona, “where heaven meets earth,” one of the world’s most out-of-the-way, relaxing locations. Between Wales and Scotland, the tour includes UNESCO world site of Hadrian’s Wall built in the times of the Romans. Also included are two special nights in the sea port holiday town of Oban sporting a delightful experience of Scottish cuisine and culture. There is no part of this itinerary that will disappoint the spiritual seeker, history buff and world explorer within you.

ACCOMMODATIONS

Hotels in Wales and on Iona feature first class accommodations. The Castle Hotel in historic Conway Wales will be home to four unforgettable days in the heart of ancient Welsh countryside including Eryri (Snowdonia) National Park and the healing waters of St. Winifred’s Holy Well, Europe’s oldest continual pilgrimage shrine since the 7th century. On Iona the world-famous St. Columba Hotel is a stone’s throw from the medieval Abbey with stunning views across the waters of the Inner Hebrides to the mountains of the Isle of Mull.

Cuisine on Iona is prepared from scratch from the hotel’s organic gardens
