WORKSHOP INFORMATION

The sacred psychology of the Enneagram is a timeless tool for listening to the subtle voice of the soul beneath our unconscious motivations and deeply rooted influences. Enneagram spirituality is unique in recognizing the ways that both the gift and shadow of our personality are essential for healing and transformation. This workshop offers practical ways to discern life's most urgent questions when we reconcile rather than resist our full humanity. Reflecting the mystics and saints in every tradition, this holistic approach to self knowledge offers the freedom to hear and respond to the soul's deepest longings.
